

MegaPuzzle v.1.0

Megasoft2000 Ltd.
Palm Software Division (PSD).
Platform: Palm OS 3.0, 3.1, 3.3, 3.5, 4.0, 4.1

Game description.

The aim of the game is to move the corresponding blocks in the position pointed out in the task (at the bottom of the screen) in less possible number of moves. The best result for each of the levels is fixed in the record table. The task can be seen in the right lower corner of the screen. If you touch the task area with the stylus the task would be displayed in the playing field enlarged.

Game installation.

To install this game you should synchronize the "**MegaPuzzle_xxx.prc**" application to your device.

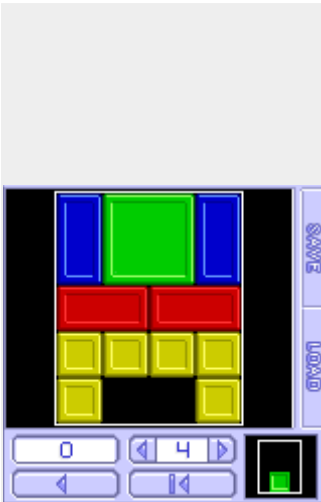

Files can be installed by using the Desktop S/W or just any other application.

Warning! If you failed to install the desired version to your device you are sure to see the following message:

"You should install MegaPuzzle_xxx.prc or MegaPuzzle_xxx.prc for this handheld."
Delete the previous file (prc) and install the file recommended.

Play the Game.

- The number of moves made at a certain level.
- The number of the current level. Use the side keys to switch to other levels.
- Key enables you to cancel the last move (up to 50 moves).
- Key enables you to start the level from the very beginning.

- Press the "Save" key to save the particular position.
- To return to this position again press the "Load" key.

- Task window. The level is considered as passed when the pointed element is in the pointed position. To enlarge the image, press this window.

Menu "Options".

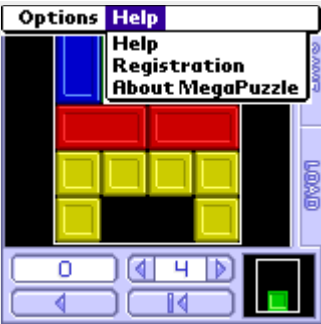

To enter the main menu press the "Menu icon" key:

- Record table** - Top record table for each of the levels.
- AutoMove Enable** - An alternative control variant. When touched the object moves to the vacant zone itself in case this is the only moving variant.
- AutoMove Disable** - Switching to the standard object control mode.

Menu "Help".

- Help** - Brief instruction covering the game targets and its controls.
- Registration** - Registration code window. You are sure to get your registration code by E-mail as soon as you have purchased the game.
- About Puzzle** - Information about MegaPuzzle developers.

You can use MegaPuzzle for free for 14 days or making 10 launchings only.
