Files can be installed by using the Desktop S/W or just any other application.

Description.

Now all the holidays up to **2005** are available on your PDA! 4 religious and 7 national holidays enable you to arrange your vacation or business trip in no time. There is a high probability of waste of time if you find yourself in a foreign country during religious or national holidays. Using MegaHolidays program you can arrange your trip to any country of the world! Not only this application reminds you of all holidays but also enables you to study and compare the differences between the holidays in many countries worldwide. Any of the selected holidays can be added to Date Book for the further reminding on your device. Also you can export the description of all holidays into Memo Pad for your further detailed study.

Menu

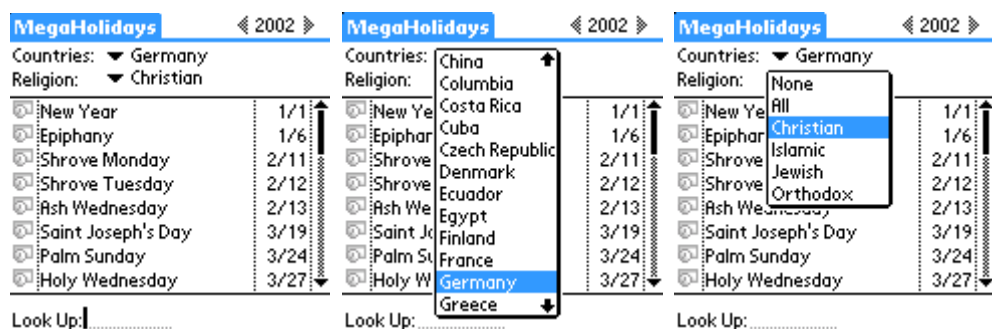

Look Up:

When you press the "Menu Icon" button there appears the menu, which you can use to perform the desired adjustments of the game, scroll through the results of your previous games and study the manual, and also to register this game or to transfer it to the other device.

By using "Add all" and "Remove all" functions you can add (or remove) all the selected holidays into your Date Book.

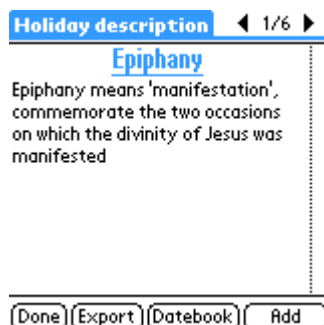

Operation procedure.

Holiday selection can be performed on 3 bases:

- **Country**
- **Religion**
- **Both country and religion**

When you press holiday name there opens a window with the brief profile.

"Done" – back off to the main window

"Export" – profile export to Memo Pad

"Datebook" – takes you to that date in Date Book

"Add" – add the desired holiday to Date Book.

"Add" operation can be also performed from the main window when press  symbol.

After  symbol is pressed, there appears a window:

All the holidays added to Date Book are displayed in brighter symbol: 

To deinstall such a holiday from the Date Book press  symbol again.

To make yourself absolutely comfortable you can find out the weekday corresponding to the particular holiday. To do this you must press the holiday date (e.g. 1/1) in the main window.
